

ANR

## Open positions for Postdoctoral researchers

Three postdoctoral positions (3 years each) are available in the Delaux lab. Our lab focus on the evolution of plant – microbe associations using combinations of phylogenomics, metabolomics, genetics and evo-devo approaches.

**Starting salary:** 21 684 € - 33 156€ (depending experience) + Benefits

### ***Education & Qualifications***

The applicant must have a Ph.D in Biology, biochemistry or related disciplines.

### ***Specialist Knowledge & Skills***

Training in bioinformatics (phylogenomics, genomics, transcriptomics)

*and/or*

Training in molecular biology (goldengate cloning, qPCR, CHIP) and plant biology (transformation, phenotyping)

*and/or*

Training in metabolomics (LC-MS/MS, biosts, XCMS or equivalent)

### ***Relevant Experience***

Experience in the field of plant – microbe symbiotic associations or *Marchantia polymorpha* genetics would be appreciated.

### **To apply**
